

# Overnight Work on the Metrolinx Railway Crossing at Ogden Ave

Monday, July 25 (9 p.m. to 6 a.m.)

## Background

Work is underway to deliver the GO Expansion Program - the largest transit expansion in Canadian history.

To allow **fast, quiet, electrified, two-way, all-day service** that will come with GO Expansion, Metrolinx will build new track, signals, rail facilities and electrification infrastructure, modify and build bridges, and improve crossings across the core segments of the GO rail network.

## What work is taking place?

Metrolinx will be completing Transport Canada Grade Crossing upgrades in your community. These upgrades are critical to maintaining the safety of our network and include crossing enhancements, such as,

- Railway crossing gate relocations
- Installation of new equipment
- Upgrading old equipment
- Installation of new signage
- Installation of new warning lights

## Timing and what to expect

- This work is scheduled for Monday, July 25
- These dates are tentative, and work may be rescheduled due to weather or unforeseen circumstances.
- Majority of the work will take place between 9:00 p.m. and 6:00 a.m.
- This work must be completed during the night due to the safety critical nature of this work (crossings will be deactivated for a period of time) and due to railway operations.
- Lights will be directed away from homes when possible during the night work.
- Work will be conducted as quickly and efficiently as possible to minimize disturbances, but residents and businesses near the corridor can expect to hear noise caused by construction equipment related to this work.

## Questions

If you have any questions about this work or would like to be included on future email communications from us, please do not hesitate to call us at 416-202-7500 or email us at [Peel@metrolinx.com](mailto:Peel@metrolinx.com).

**Please respect all safety and exclusion measures installed to protect you.**

**Thank you for your patience as we work to transform the rail corridor in your area.**
